

TIRE DEALERS

Maximize Uptime With The Industry's Most Durable Products

1500-3D DIRECT DRIVE WHEEL BALANCER

Legendary reliability
with state of the art
capability.

Powered by Direct Drive

Motor and spindle are combined into a single, pre-balanced assembly that always stays calibrated to zero.

Laser Guided Operation®

Pinpoints the exact weight location, both radially and axially and eliminates trial and error.

Stop, Lock & Index

Automatically positions the wheel at the weight placement location and locks the spindle in place for easy, accurate weight application.
